Subject: Request for Venue Approval & Reservation: Central Library (Auditorium, 1st Floor Lab, 2nd Floor Lecture Halls 1–3, and Top Lounge) for "KAIROS 2026" (Sept 25–27, 2026) — Reg.

Respected Sir,

Warm greetings from the AWS Student Builder Group (AWS SBGL SIST).

We are proud to present the formal proposal for "KAIROS 2026", our annual flagship 48-Hour National Hackathon scheduled to be held from September 25, 2026 (Friday morning) to September 27, 2026 (Sunday afternoon). Kairos 2026 will bring together 50 to 60 elite shortlisted engineering teams (~200–240 participants) from premier institutions across Tamil Nadu to build scalable, cloud-native solutions leveraging Artificial Intelligence, Cloud Infrastructure, and Sustainable Tech.

To facilitate seamless round-the-clock technical development, keynote sessions, mentor clinics, and safe overnight accommodations, we have conducted an extensive logistical feasibility study. We hereby formally request permission to reserve and utilize the Central Library Complex, specifically:

1. Requested Venues & Functional Allocation

Central Library Auditorium (2nd Floor):
Purpose: Grand Inauguration, Keynote Address by AWS Industry Leaders, Milestone Announcements, Elimination Briefings, and Grand Valedictory Ceremony.
Duration: Sept 25 (08:30 AM – 12:30 PM) & Sept 27 (01:00 PM – 04:30 PM).

2nd Floor Lecture Halls (Lecture Halls 1, 2, and 3):
Purpose: Primary Prototype Development & Hacking Bays for 50–60 shortlisted teams (20 teams per hall with spacious desk layouts).
Duration: Continuous 48 hours (Sept 25, 10:00 AM to Sept 27, 12:00 PM).

1st Floor Digital Library:
Purpose: Volunteer operations, live media team
Duration: Continuous 48 hours.

Library Top Floor Lounge:
Purpose: Dedicated VIP Guest Lounge, Jury Dining & Deliberation Room
Duration: Sept 25 to Sept 27.

2. Strategic Rationale for Venue Selection

Zero Academic & Exam Disruption: The requested dates (September 25–27, 2026) fall over Friday afternoon through Sunday. No regular weekday lecture schedules or ongoing examinations will be disrupted.

Optimal Proximity to Dining Halls: The Central Library Complex is strategically situated equidistant to both the Boys Mess Hall and Girls Mess Hall, ensuring minimal campus movement during breakfast, lunch, and dinner transitions.

Streamlined Gender Segregation & Night Safety: The Central Library layout features independent stairwells and separate access corridors, enabling our operations team and security personnel to maintain strict segregation and seamless movement to respective dining/rest areas.

Superior Power & Network Infrastructure: The Lecture Halls and Labs provide robust electrical loads, high-density plug points per desk, and high-speed LAN/Wi-Fi access necessary for continuous cloud deployments.

Showcasing Institutional Prestige: Located at the heart of our campus, the state-of-the-art Central Library provides an inspiring and world-class ambiance that elevates Sathyabama's reputation among visiting national delegates, industry judges, and corporate sponsors.
We assure you that our student organizing team, guided by faculty coordinators and estate security, will uphold the utmost discipline, cleanliness, and preservation of institutional property throughout the event.

We kindly request your favorable approval and official endorsement for the reservation of the aforementioned venues.

Thanking you,

Yours sincerely,

Thenappan T
AWS SBGL
